Eumundi Voice donation applications open

Eumundi Voice is calling for applications from local community organisations seeking financial assistance for their projects or support for their activities.

Eumundi Voice is a key fundraising project run by the not-for-profit organisation Eumundi Rotary Initiatives Ltd (ERIL) and supported by dozens of volunteers. Funds raised from its production are distributed to community organisations. Eumundi Voice has donated more than \$38,500 in just over three years of operation.

To apply for a donation visit: eumundivoice.com.au/fundraising-donations. Applications close on 30 November.

Eumundi Cup

More than 50 punters enjoyed a Eumundi-style gathering at Sunrise Rd, Eumundi on 7 November with lunch and revelry for the running of the Eumundi Cup, the thrill of winning the sweepstakes or raffles and the chance to be recognised for 'fashion on the field'.

Organised by the Rotary Club of Eumundi the day raised funds to support Eumundi State School's student wellbeing programs. It was a great occasion to catch-up with friends and family and an excuse to 'dress-to-the-nines'.

Moon Mountain Sanctuary

"The best kept secret in Eumundi." ... That's how one visitor to Moon Mountain Sanctuary on Lone Hand Rd described the 35-acre property of Ron and Lynn Scott who moved to Eumundi from Sydney seeking quietness in their semi-retirement.

The property has an amazing aspect with a beautiful view of Mt Cooroy known as 'Moon Mountain'. It was designed to include domestic buildings without the fences or barricades typical of rural properties.

New structures forge a relationship with a herd of brumbies that have close-to-free rein, together with more than 60 magnificent sculptures situated across the sanctuary's contours.

Ron and Lynn have a mission to promote art and particularly sculpture for beginning and world-ranking artists with reclining silver kangaroos, a funky-painted Morris Minor and iron forms inviting closer inspection.

The Rotary Club of Eumundi recently visited the property to learn more about supporting art in our area and enjoyed the superb hinterland views.
